

sf::VelocityField

```
classDiagram
    class sf_Pipe["sf::Pipe"]
    class sf_VelocityField["sf::VelocityField"]
    sf_Pipe --|> sf_VelocityField
```

The diagram illustrates a class hierarchy. At the bottom is a gray box labeled 'sf::Pipe'. A blue arrow points upwards from this box to a white box labeled 'sf::VelocityField' at the top. This represents that 'sf::Pipe' inherits from 'sf::VelocityField'.
